# The Sable Pathway

Chicago's scenic Lakefront Trail is an 18-mile paved path that follows the Lake Michigan shoreline on the city's eastern edge. It extends from Ardmore Street on the north side to 71st Street on the south side, traversing a number of stunning lakefront neighborhoods, including Edgewater, Uptown, Lakeview, Lincoln Park, South Loop, Bronzeville, and Hyde Park. No matter how you travel the trail, you can take in Lake Michigan's blue waters to one side and a combination of lush parks and dramatic skyline views to the other. The trail passes through and connects Chicago's four major lakefront parks along with various beaches, cultural institutions, and recreational amenities.
